About Us

Since its establishment in 1986, İSTAŞ has been providing qualified manufacturing, installation, and maintenance services to various industrial plants both in Turkey and abroad. For over 33 years, İSTAŞ has adhered to a professional approach that prioritizes quality and occupational safety without compromise.

The company plays a leading role in the energy sector in Turkey and surrounding regions, operating 16 Energy Plants (such as Thermal Power Plants, Combined Cycle Power Plants, and Cogeneration Plants) with over 10,000 MW of total installed capacity.

İSTAŞ is successfully continuing its activities in the STAR Refinery of SOCAR and in five other facilities abroad, including Natural Gas Refining and Storage. The company

also collaborates with major international companies like RWE AG, OMV Group, GENERAL ELECTRIC, KAWASAKI, and more, particularly in the petrochemical and refinery sectors.

In addition to its expertise in the energy sector, İSTAŞ has been involved in various successful projects in the defense and aerospace sectors, particularly in satellite testing centers and airport infrastructure, completing projects

such as the ATC Tower construction in Istanbul Airport.

The company's headquarters are in Ankara, with an electromechanical factory in Kahramankazan. İSTAŞ also has offices in Istanbul, Frankfurt, and several other cities across Europe. With a workforce of more than 1,500 skilled employees, İSTAŞ continues to serve Turkey and the surrounding regions.

Our Services:

Industrial Services:

- Construction of tank storages
- Disassembling of ships and oil platforms (on-shore and off-shore)

Maintenance Services:

- Gas stations cleaning
- Tank storages cleaning and repairing (crude oil/other oil products)
- Cleaning of oil tankers from sludge (marine services)
- Maintenance of pipelines
- Maintenance of oil & gas terminals

Third-Party Inspections:

- Industrial inspections

Services

The business fields in which we provide services include:

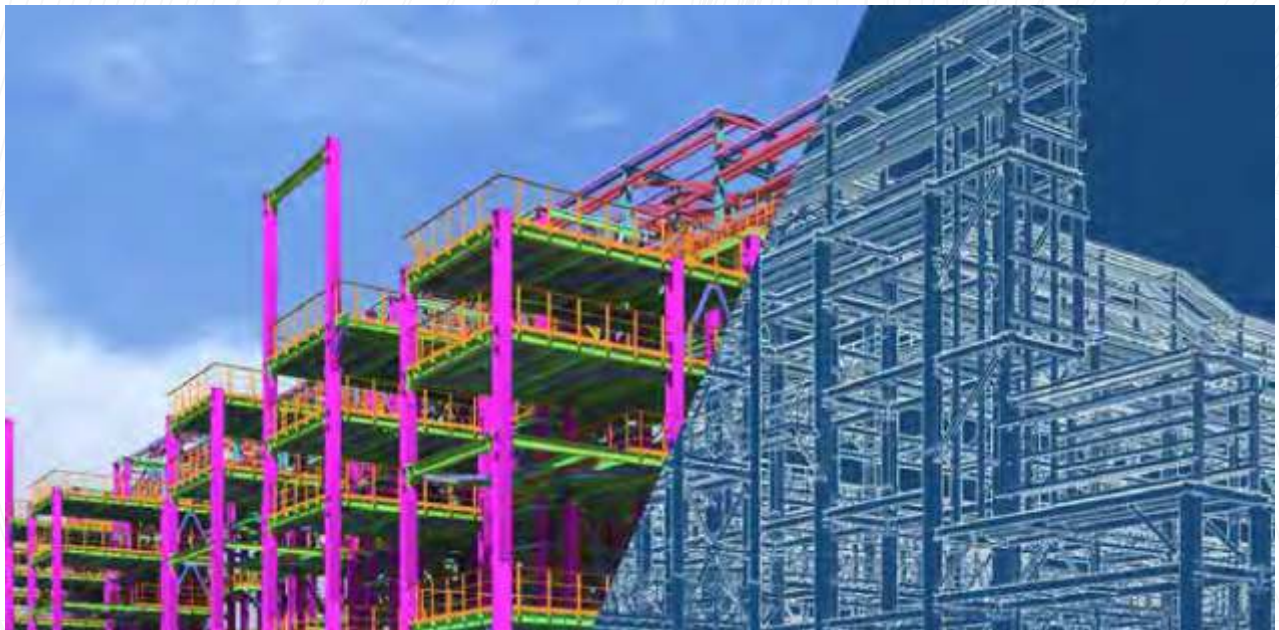

Industrial plant installations

We provide various services to industrial facilities (Petrochemical Plants, Refineries, Thermal Power Plants, Combined Cycle Power Plants, Dams, Mineral Processing Plants, Cement Plants, Fertilizer Plants, Sugar Processing Plants) and the construction sector (construction of Airports, Hospitals, Shopping Malls, etc.), ranging from project design and feasibility studies to Basic and Detailed Engineering studies, material procurement and fabrication, and the installation and delivery of equipment, making İSTAŞ one of the leading companies in the sector in Turkey and in the surrounding region.

Basic/Detailed Engineering Services for Construction and Mechanical Works

In the areas of basic and detailed engineering, we satisfy the needs of our customers in such areas as an industrial facility, equipment, piping design and analysis, stress analyses, static calculations, CFD calculations, firefighting system analyses and HVAC calculations, employing an engineering team, each of whom is an expert in their respective field.

Mechanical, Piping, Equipment, Insulation, Scaffolding and Painting Services

In the mechanical field, we provide turn-key solutions in the provision of equipment used in Industrial Facilities that require steel construction, piping, insulation, scaffolding, sandblasting and painting works.

Electrical and Automation Services

We offer turn-key solutions in various fields, particularly in the design of Electrical and Automation systems, in Basic and Detailed Engineering works, and in project implementation and on-site installation works.

Testing/Commissioning Services

ISTAŞ provides testing services in the Construction, Electrical, Mechanical and Automation fields in Industrial Facilities, and can carry out the Pre-Commissioning and Commissioning of such facilities.

SOCAR/ALIAGA STAR REFINERY

SOCAR/ALIAGA STAR REFINERY

CONTRACTING AUTHORITY: **TSGI (TECHNICAS REUNIDAS, SAIPEN, SG, ITOCHU)**

SCOPE OF THE PROJECT:
MECHANICAL, PIPING,
INSULATION AND SCAFFOLDING
WORKS FOR DIESEL
HYDROTREATING UNIT AND
HYDROCRACKER UNIT

Project Name:
STAR REFINERY

**PROJECT IMPLEMENTATION
PERIOD:**
2017-2019

ISTANBUL AIRPORT

ISTANBUL AIRPORT
CONTRACTING AUTHORITY: IGA, MNG

Project Name:
ISTANBUL AIRPORT PROJECT

SCOPE OF THE PROJECT:
**MECHANICAL, PIPING, INSULATION AND
SCAFFOLDING WORKS FOR ATCT AIR CONTROL
UNIT, TERMINAL BUILDING, FIREFIGHTING
BUILDING AND FLB SYSTEMS**

PROJECT IMPLEMENTATION PERIOD:
2016-2018

OMV GAS - SAMSUN

OMV GAS - SAMSUN
CONTRACTING AUTHORITY: OMV AUSTRIA, METKA

Project Name:
AKÇAY 770 MW CCPP

SCOPE OF THE PROJECT:
MECHANICAL, PIPING,
INSULATION AND SCAFFOLDING
WORKS FOR COMBINED CYCLE
POWER PLANT

**PROJECT IMPLEMENTATION
PERIOD:**
2014-2016

RWE & Turcas Denizli Natural Gas Combined Cycle Power Plant

RWE & Turcas Denizli Natural Gas Combined Cycle Power Plant

CONTRACTING AUTHORITY:
RWE GERMANY, METKA

Project Name:
DENİZLİ 770 MW CCPP

SCOPE OF THE PROJECT:
MECHANICAL, PIPING,
INSULATION AND SCAFFOLDING
WORKS FOR COMBINED CYCLE
POWER PLANT

**PROJECT IMPLEMENTATION
PERIOD:** 2014-2016

KUWAIT AIRWAYS TERMINAL BUILDING

CONTRACTING AUTHORITY: KUWAIT AIRWAYS, CENGİZ İNŞAAT

Project Name:
KUWAIT AIRWAYS ADDITIONAL TERMINAL BUILDING

SCOPE OF THE PROJECT:
MECHANICAL, PIPING, INSULATION AND
SCAFFOLDING WORKS FOR ADDITIONAL TERMINAL
BUILDING AND BRIDGE CONSTRUCTION

**PROJECT IMPLEMENTATION
PERIOD:**
2016-2017

ETİ BAKIR - MARDİN

ETİ BAKIR - MARDİN
CONTRACTING AUTHORITY: ETİ BAKIR A.Ş.

Project Name:
MAZIDAĞI
INTEGRATED
FERTILIZER
PLANT

SCOPE OF THE PROJECT:
FACILITY MECHANICAL, PIPING, INSULATION AND
SCAFFOLDING WORKS

PROJECT IMPLEMENTATION PERIOD:
2014-2018

ENKA EXXON MOBIL

CONTRACTING AUTHORITY: EXXON MOBIL-ENKA

Project Name:
WEST GOURNA IRAQ PROJECT

SCOPE OF THE PROJECT:
PIPING BRIDGES, MODULAR CONSTRUCTION, PIPING AND
INSULATION WORKS

PROJECT IMPLEMENTATION PERIOD:
2016-2017

CENAL KARABIĞA - ANAKKALE

CENAL KARABIĞA - ANAKKALE
CONTRACTING AUTHORITY: CENGİZ-ALARKO -CENAL

Project Name:
KARABIĞA 2X600 MW THERMAL POWER PLANT

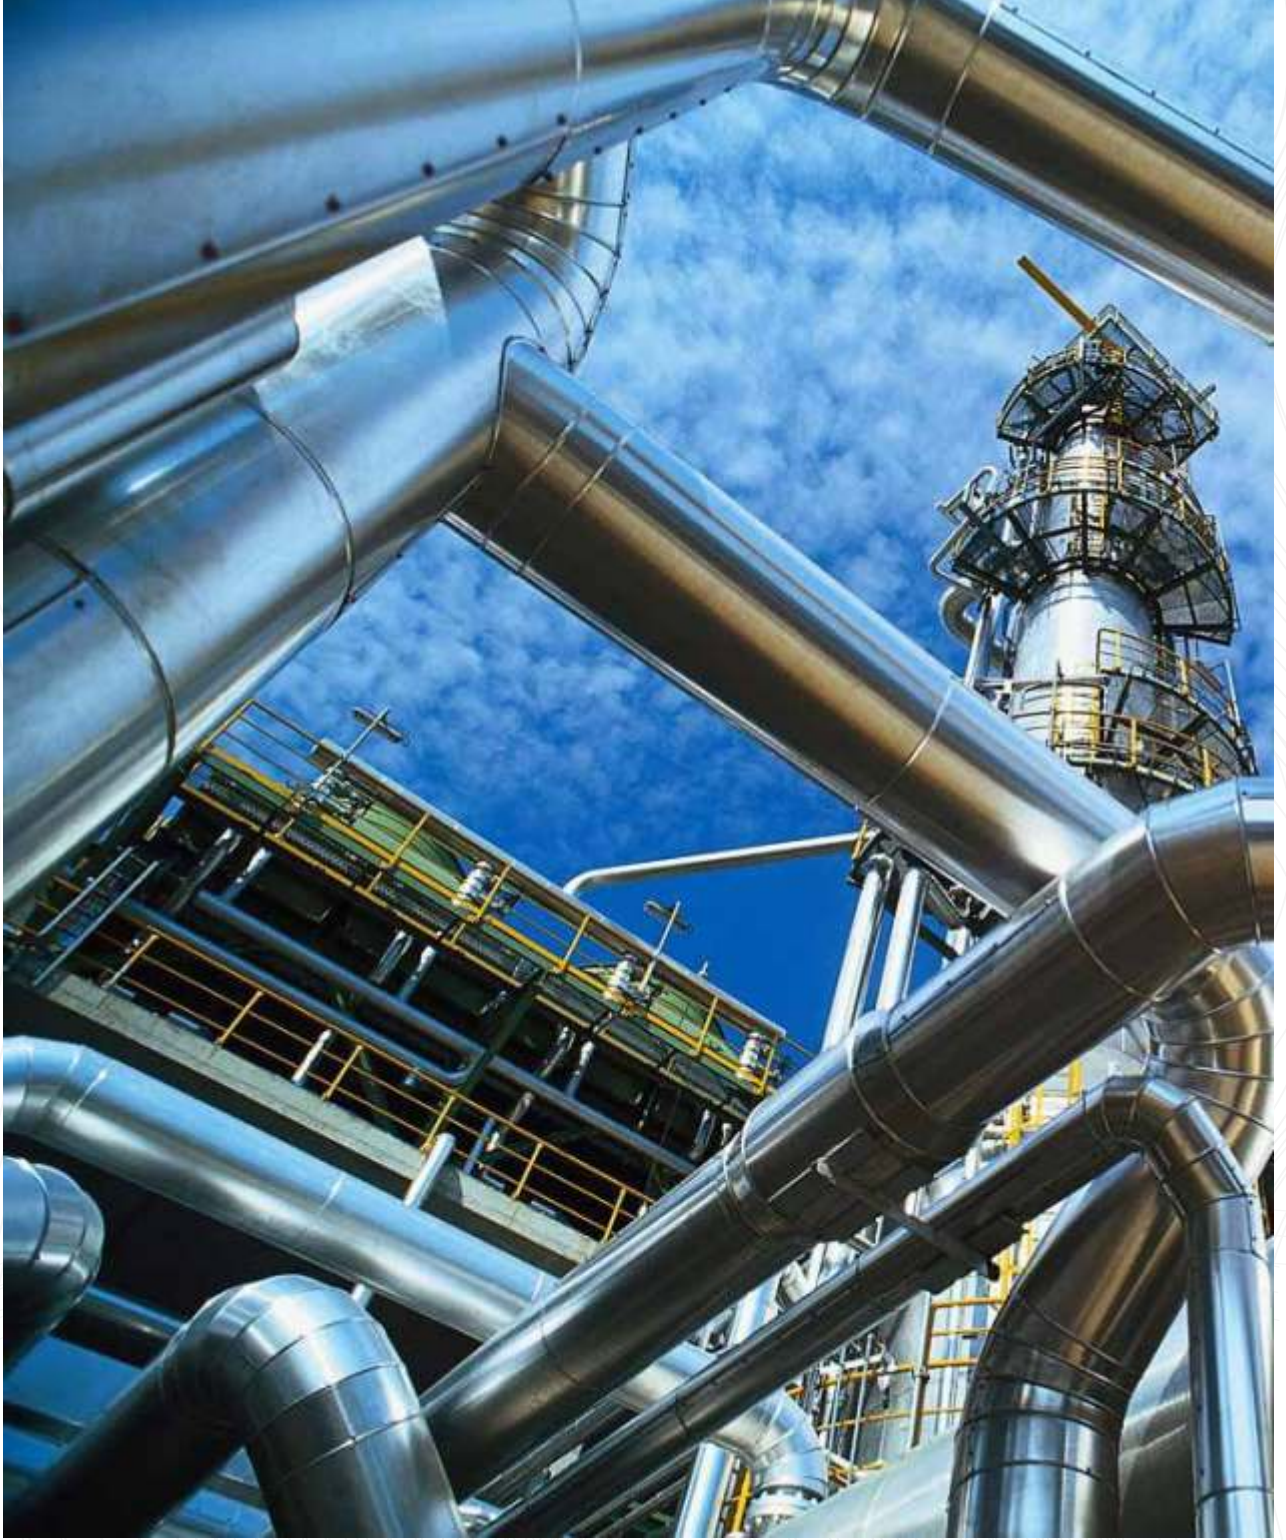

SCOPE OF THE PROJECT:
PIPING AND INSULATION WORKS OF TURBINE AREA

PROJECT IMPLEMENTATION PERIOD:
2015-2017

TÜPRAŞ RUP PROJECT – KOCAELİ

TÜPRAŞ RUP PROJESİ - KOCAELİ
CONTRACTING AUTHORITY: TÜPRAŞ-TEKFEN

Project Name:
KOCAELİ TÜPRAŞ RUP PROJECT

SCOPE OF THE PROJECT:
PIPING, INSTRUMENTATION, INSULATION WORKS

PROJECT IMPLEMENTATION PERIOD:
2014-2016

CENGİZ ENERJİ POWER PLANTS

Project Name:
SAMSUN 240 MW CCPP, 660 MW CCPP, 135MW
CCPP PROJECTS

SCOPE OF THE PROJECT:
MECHANICAL, PIPING AND INSULATION WORKS

PROJECT IMPLEMENTATION PERIOD:
2010-2016

İZMİR - CEMENT

İZMİR - CEMENT
CONTRACTING AUTHORITY: İZMİR ÇİMENTO A.Ş.

Project Name:
İZMİR CEMENT PLANT

SCOPE OF THE PROJECT: MECHANICAL,
PIPING AND INSULATION WORKS

PROJECT IMPLEMENTATION
PERIOD: 2012-2014

ETİ ALÜMİNYUM

ETİ ALÜMİNYUM
CONTRACTING AUTHORITY: ALUMİNYUM A.Ş.

Project Name:
SEYDİŞEHİR ETİ ALUMINUM FACILITIES

SCOPE OF THE PROJECT:
MECHANICAL, PIPING AND
INSULATION WORKS

PROJECT IMPLEMENTATION
PERIOD:
2011-2019

ALKİM A.Ş.

ALKİM A.Ş.
CONTRACTING AUTHORITY:
ALKİM A.Ş.

Project Name:
ÇAYIRHAN SODIUM SULFATE
FACILITIES, DAZDIRI AND
CİHANBEYLİ SODIUM SULFATE
FACILITIES

SCOPE OF THE PROJECT:
MECHANICAL, PIPING AND
INSULATION WORKS

**PROJECT IMPLEMENTATION
PERIOD:**
2011-2019

SAMSUN ETİ BAKIR

SAMSUN ETİ BAKIR
CONTRACTING AUTHORITY: ETİ BAKIR A.Ş.

Project Name:
SAMSUN ETİ BAKIR FACILITIES

SCOPE OF THE PROJECT:
MECHANICAL, PIPING AND INSULATION WORKS

PROJECT IMPLEMENTATION PERIOD:
2011-2019

Logistics and Transportation

Client: SOCAR Turkey

Main Contractor: STAR Refinery, ALIAGHA PORT, Turkey

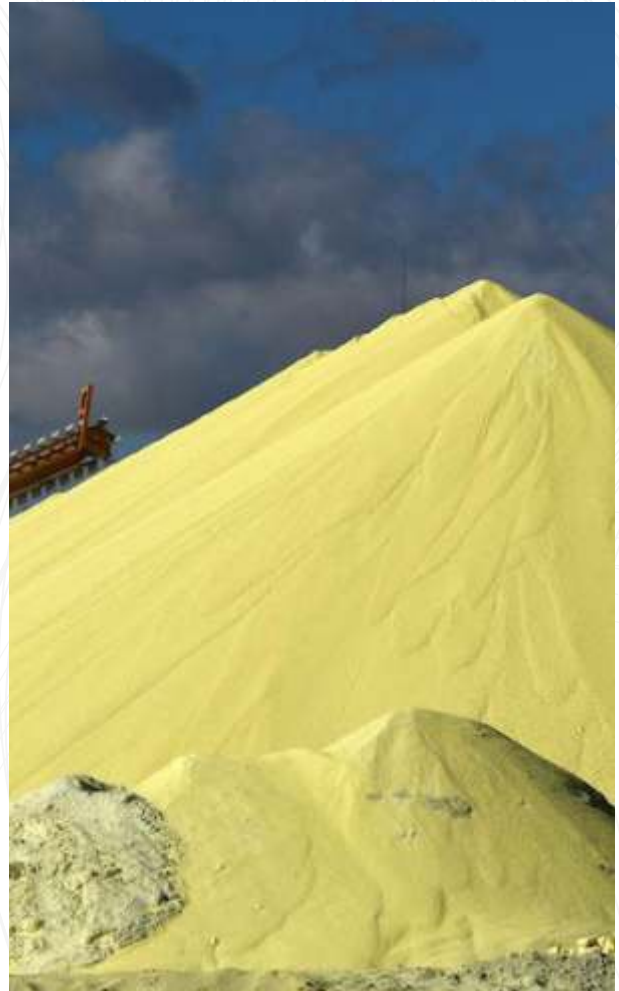

Service provided:

Logistics/Storage services for Pet Coke and Sulfur (monthly 95000 mt)

Project Start Date: 2023-2024

Project Delivery date:

Ongoing contract in cooperation with LIMOSA Trading and Logistics A.S.

Logistics and Transportation

Client: LUKOIL Georgia

Main Contractor: LUKOIL Georgia

Service provided:

Design, Repair & Renovation, Maintenance of Mtskheta Oil Terminal

Project Start Date: 2024

Project Delivery date:

Ongoing contract on design and renovation of Oil Terminal
(storages/pipes/fire alarm system/automation solution and etc.)

GAS Station tanks Cleaning

Client: SOCAR Georgia

Main Contractor: SOCAR GEORGIA

Service provided:

GAS Stations Cleaning

Project Start Date: 2017

Project Delivery date:

Accomplished Number of delivered stations:

126 gas stations (min 4 tanks per each station)

Maintenance and Cleaning

Client: SOCAR

Main Contractor: NARIMAN NEFT

Service provided:

TanlFarms Cleaning and Maintenance

Project Start Date: 2018

Project Delivery date:

Accomplished Number of delivered tank storages: 8

Methanol Tanks Inspection Services

Client:VIEN Group MMC

Service provided:

Inspection of Methanol Tanks washed and cleaned after use

Project Start Date: December, 2018

Project Delivery date:

December, 2018 Number of delivered projects: 1

Maintenance and Cleaning

Client: SOCAR

Main Contractor: AZNEFT

Service provided:

Tank Farms Cleaning and Maintenance

Project Start Date: 2019

Project Delivery date:

Accomplished Number of delivered tank storages: 4

Maintenance and Cleaning

Client: Batumi Oil Terminal

Main Contractor:

Batumi Oil Terminal LLC (KazTransOilcompany ownership)

Service provided:

Tank Storages Cleaning and Maintenance

Project Start Date: 2024

Project Delivery date:

Ongoing project Number of delivered tank storages:

140 tanks (with capacity of 850 000 MT of OIL products)

Maintenance and Cleaning

Client:ALTURA Georgia (100% own investment project)

Main Contractor:

Altura Georgia and Batumi Oil Terminal LLC (KazTransOilcompany ownership)

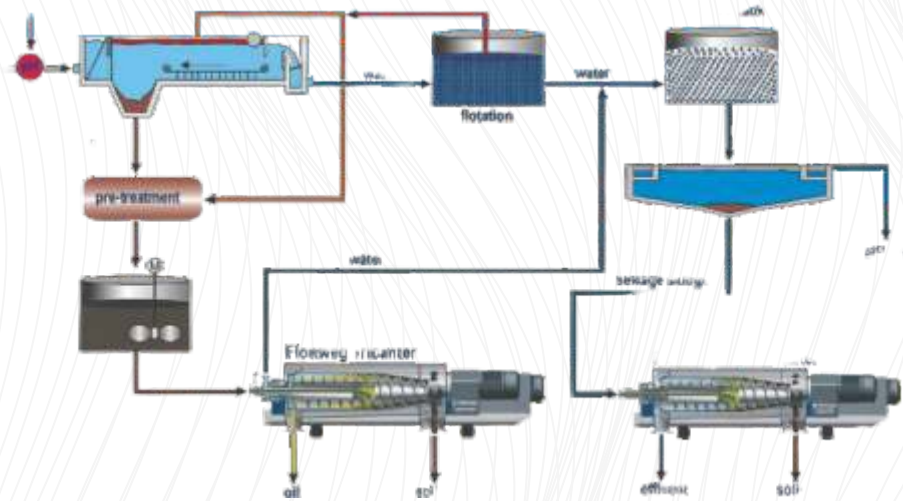

Service provided:

Deployment of oil sludge products recycling factory

Project Start Date: 2024

Project Delivery date:

Ongoing project Annual recycling capacity: up to 35000 MT sludge

Industrial Services

Client: AZFEN JV

Service provided:

EN 1090-2 EXC4, EN 3834; EN ISO 14731; WPS/ PQR confirmation

Project Start Date: September, 2019

Project Delivery date:

November, 2019 Number of delivered projects: 1
