## ABOUT US

Since the launch of activities in 1986, ISTAŞ Endüstri A.Ş. has been providing qualified manufacturing, installation, and maintenance and repair services to numerous industrial plants, both in Turkey and abroad, for nearly 38 years, adhering to a professional approach that does not compromise on quality and occupational safety. ISTAŞ plays a leading role in the Energy Sector in Türkiye and the surrounding region, operating 16 energy plants (Thermal Power Plants, Combined Cycle Power Plants, Combined Cycle Fuel Oil Power Plants, Cogeneration Plants) with over 10,000 MW of total installed capacity.

Making no compromises on quality since the day it was established, ISTAŞ has been providing services in compliance with global standards, being in possession of such quality certificates as ASME, ISO 9001, ISO 14001 and OPISAS 18001:2007. The company headquarters are in Ankara, and our electromechanical factory is located in the Kahramankazan district of the city. We also have an office in Istanbul where focus is on our procurement and import and export works, and an office in Frankfurt, Germany, spearheading our business in the European Union. With a workforce of more than 1,500 qualified employees, ISTAŞ Endüstri A.Ş. is continuing to serve Türkiye and the surrounding region.
